C F G am C F G
Woke up this morning bombs from the sky woke up this morning in a bind

F G F G F G am
Everything I see always the same every time we leave we're always to blame

C F G am C F G G/F# F
Woke up from a hard night no love in my eyes an ongoing nightmare such a fright

F G F G F G Am
Everything we see never a good sight don't know what to say anymore

C F G am C F
Some days you come to mind fresh in the light But every day we stare into this terrible

G D/F# F
plight

F G F G F G am
Imagine you closer step into the light all out of focus then slips out of sight

OPTIONAL C F G am

F G F G F G am
All the confusion ongoing fights but rarely a new leaf over night

F G F G F G am
But we can't say oneness I can't see the light don't want such a quest anymore

F G F G F G am
(slow) They won't say they'll end it desperation in sight we hiked out just after mid-
night
