

Streams of Love

11/13/18 lyrics

Salt Water Magic 2019

C G C F C G am G

C G C F C G am G
C G C F
Memories of our good times came rushing back at me

C G am em
Sounds so refreshing fishing along those streams

F G AM F
When you dropped in my line of sight your beauty in one scene

C G C G am
Sunshine upon your face every detail so serene

dm G C G F
And it took the most time til I felt like I had u

dm G C G F
And you thought all along that I faded like a dream

F E am G
Those were the greatest times for me

C G C F
I waited forever I didn't know what it would be

C G am em
In a world so distraught and days with no reprieve

F G am F
I waited too long to let you just be you to me

C G C G Amin
Days of uncertainty you still got through to me

dm G C G F
And it took the most time til I felt like I had u

dm G C G F
And you thought all along that I faded like a dream

F E AM G
Those were the greatest times for me
